Dear Homeowner:

Thank you for participating in the My Safe Florida Home program. One of the benefits of receiving a free hurricane inspection through our program is identifying the potential insurance savings available to you based on the current structure of your home.

Based on our inspection of your home, we believe you may be eligible for a discount or credit on your hurricane insurance premium. Many insurance companies provide discounts or credits for construction features proven to reduce damage from hurricanes, including but not limited to:

- **Hurricane protection on all of your windows and exterior doors** such as shutters or impact resistant windows and garage doors.
- **A hip roof** (sloped on all four sides like a pyramid)
- **Roof to wall connections are installed with hurricane clips/straps.** Discounts will vary depending on the type of connections such as toe nail, clips, single wraps or double wraps.
- **Florida Building Code-approved roof covering.** Discounts will vary depending on the type of covering such as asphalt, tile or metal.

To assist you in obtaining any discounts or credits that may be available to you, attached is a mitigation form filled out by our program that you can submit to your insurance agent or company for consideration. We encourage you to take the following steps before submitting your form:

- 1. Contact your insurance agent or company to find out what level of discount is available for certain construction features like the ones described above.**

(A sample description used by Citizens Property Insurance Corporation is available at: http://www.citizensfla.com/policyholder/about_policydiscounts.cfm?show=text&link=/shared/mitigation/mitDiscountTable.html)

- 2. If you are already receiving discounts for the construction features referenced in this form, keep this documentation for your files.**

Providing you with this mitigation form was made possible due to an emergency rule enacted by the Governor and Cabinet. This rule is in place through October 1, 2007 so we encourage you to submit your documentation in a timely manner.

If you have any questions or experience problems in accessing potential discounts or credits, please contact us at 1-866-513-6734.

Thank you for the opportunity to provide you with what we hope will be an additional benefit.

Sincerely,

My Safe Florida Home Program
